# GUT SUPPORT PROGRAM

## Gut health is the basis of all health!

The gut produces 75% of the immune system function and 90% of neurotransmitters in the body. If your pet struggles with a sensitive stomach **start here!**

## #1 STRENGTHEN THE GUT W/PROBIOTICS

Whether your pet has chronic GI inflammation or periodic stomach issues, a daily probiotic is important. These probiotic formulas were designed to help recondition the gut by promoting microbial diversity and maintaining key health-promoting, commensal gut bacteria.

for pets with beef sensitivities
